INTERNSHIPS

TechnoHacks EduTech | Web developer   **10 Aug 2023- 09 Sep 2023**
Skills: HTML, CSS, Javascript

These is my first experience as an intern in the company, as the result i was able to find many more opportunities in the same domain and help me to enhance my interest in web development.

PROJECTS

CoWatch – A Virtual Theatre   **Oct 2024- Current**
Tools: HTML, CSS, JavaScript, Node.js, MongoDB, React
Link: https://co-watch.vercel.app/

CoWatch is an interactive virtual theater platform that allows users to watch movies together online with real-time video calls, reactions, and reviews. The platform integrates with popular streaming services for a seamless shared viewing experience.
Responsibilities:

- **Front-End Development:** Designed an interactive and responsive UI for real-time engagement using HTML, CSS, and React.
- **Backend Development:** Implemented user authentication, session management, and data caching with Node.js and MongoDB.
- **Integration with Streaming Services:** Enabled support for platforms like Netflix, Prime Video, and YouTube within virtual rooms for synchronized streaming.

Podcast Web Applicaton   **June 2024- Current**
Tools: HTML, CSS, Javascript, Firebase
Link: https://podi-cast.vercel.app/

PodiCast is a user-friendly Podcast Hosting Platform designed for individuals and organizations to easily upload, manage, and distribute podcasts. The platform offers intuitive tools and engaging features to cater to both content creators and listeners.
Responsibilities:

- **Front-End Development:** Crafted a responsive and visually appealing interface using HTML, CSS, and JavaScript.
- **Backend Implementation:** Developed server-side logic with Python to handle podcast operations efficiently.
- **Database Integration:** Leveraged Firebase for secure management of user data, content, and authentication.

ASSESSMENTS/ CERTIFICATIONS

Aggregate: 98 / 100

Key Skills: Cloud Computing, Cloud Services, AWS, Google Cloud

I completed the "**Introduction to Cloud Computing**" course on **Coursera** provided by IBM. I gained practical knowledge in key areas including Cloud Computing, Cloud Services, AWS (Amazon Web Services), and Google Cloud. This certification has equipped me with the skills to understand and work with different cloud platforms effectively.

SKILLS

Programming: C++, Python, Java, C, JavaScript, HTML/CSS, MySQL, MongoDB, Node.js, React, Pandas, NumPy, Matplotlib
Tools: VS Code, Tailwind CSS, Git, Jupyter, Spyder, MySQL Workbench, Postman
